# Volunteer Event

Engage in team-building while contributing to the beauty of The Greenway

Volunteers are essential to the stewardship of The Greenway. They contribute to the beauty of the park by working alongside Conservancy horticultural and maintenance staff, and learn about our innovative ecological care of this unique green space.

Group volunteer projects take place on Wednesdays, 9AM to 12PM, March to December.

Gala sponsors may opt to include a volunteer event for 15 employees as part of their benefits package.

Volunteer events are limited and fill up quickly. ***Make your commitment by January 31 to gain early access to 2025 volunteer event scheduling!***

# Learning Tour

## Explore the stories behind The Greenway

When it comes to caring for and programming an urban park over a highway tunnel, there is much more involved than meets the eye!

Engage up to 20 guests in a personalized, behind-the-scenes tour of the park, led by a member of the Conservancy's talented staff. We'll tailor the topic to your interests.

For example, your group can learn about:

- the diverse plant species that thrive on The Greenway, including native plants that support pollinators.
- the artists' visions that inspired the latest public art.
- the Conservancy's approach to ecological plant care, including a tour of our compost tea brewing facility.
- the complex systems behind The Greenway's beloved water features. This tour takes you inside the vault of the Rings Fountain!
